Dear Trustees,

I wanted to take this opportunity on behalf of the Harvard Elementary School fourth and fifth graders and their parents to extend our appreciation for your support of the Market Math program. Thanks to your generosity, we were able to successfully present a fun and education evening for over 130 children.

Thank you again for your continued support of the market math program which provides the children with a real-life math experience.

Sincerely,

A handwritten signature in cursive script that reads "Phyllis Simpson".
