

Louise Potter, Treasurer
Harvard Schools Trust
267 Littleton Road
Harvard, MA 01451

December 5, 2007

Dear Louise,

On behalf of all who participated in this year's Market Math Night, we would like you to thank the board members of the Harvard Schools Trust for their continuing support of this program for the 4th and 5th graders at HES. Market Math Night at Roche Bros continues to be a well-received, fun night of exposure to real life math problems. Over 120 children participated this year, and feedback shows that parents and children were very excited about the evening. This year included a problem that resulted in a voluntary donation to Loaves and Fishes (less than \$3 per child). We took over 20 bags of groceries to the food pantry after Market Math Night.

Sincerely,

A handwritten signature in black ink, appearing to read "Valerie Into". The signature is written in a cursive style with a large, sweeping flourish at the end.
