

Dear HST,

Thank you very much for deciding to support my sponsorship with SABETH's program. Thanks to your support, I will be able to supplement and enhance my unit with lessons learned from working in China's educational system. My fellow educators, particularly my 7th grade World Geography counterpart, will also enjoy comprehensive lesson plans developed through this experience. Upon return, I will be happy to share my lesson plans and experiences with the Harvard Schools Trust!

Again, Thank you so much for your support!
